**presents**

# **GREEN URJA CONCLAVE & GREEN GLOBE AWARDS 2023**

**5th JUNE 2023, SEMINAR HALL, IIT-Delhi  
HAUZ KHAS-110016**

# Venue Support and Academic Partners

## Introduction

Confederation of Renewable Energy and Service Professionals And industries CRESPAI is an organisation committed to work in propagation, promotion and advocacy for development of clean energy.

We aim to make India an ideal destination for investment into the renewable energy sector. In our earnest endeavour we stand to be an Intellectual think tank and an Interface between industry and the policy maker.

Environmental concerns are real and undeniable threat, affecting human well being as well as planet health in every part of the world. We all living beings depend on clean air, water, land and energy for our health, wellbeing and very existence.

## Our Vision

Our Vision is to safeguard human health and protect ecosystem: our planet earth. To evolve the green urja conclave into a wider international network of stake holders, driven by knowledge and founded upon expertise alongside credible thought leadership with an aim to deliver good through the powers of clean environment globally.

## Our Approach

Our Approach is Sustainable solutions for all aspects of life. Ensuring access to affordable, reliable, sustainable and clean energy to citizens. The government has designed policies and programs. We will provide useful information for policymakers, innovators, project developers, investors, industries, associated stakeholders and departments, researchers and scientists by bringing them at one platform through this Conclave.

## Our Goal

Our Goal is sustainability and regeneration of natural resources, and deeper connect to elements of nature for the benefit of people and the planet.

## Implementation

Through this conclave ( Maha panchayat) we would be providing an ideal platform to all the stakeholders to think, to discuss, to iron out hurdles, to connect, to create a sustainable think tank and reaching on a consensus for action plan as to how the industry, society, science, legislation & corporate can work together in the direction of sustainability, environment protection & renewable energy for the larger benefit of human being & planetary care.

# Who Can Join?

- Educational institutions/ Scientist/ Educators/ Students
- Leaders & Innovators
- Policy Makers
- Corporate Leaders
- Reformers & Civil Society Leaders
- RE Industry experts
- Senior Government officials/ Technocrats
- Research and Development agencies
- Component manufacturers and service professionals
- Start-ups in RE sector
- Financial/ funding agencies
- NGOs/ Self Help Groups

# Green Globe Awards

The annual Green Globe Award will be awarded to institutions, individuals, Governmental organisations, institutions, Educational institution who has demonstrated contribution in impact, Innovation, Leadership and Long term Vision towards future energy, climate change, environment and sustainable development. These aim towards increase awareness amongst individuals, organizations and society about the importance of future energy.

## Green Globe Award Categories

- ★ Policy
- ★ Innovation (Individual)
- ★ Innovation (Organisation)
- ★ Leadership (Individual)
- ★ Leadership (Organisation)
- ★ Climate Change (Individual)
- ★ Climate Change (Organisation)
- ★ CSR (CSR to private corporates)
- ★ CSR (CSR to PSU)
- ★ (Product)
- ★ (Service)
- ★ Educational Institutions
- ★ (Non Govt. organisations)
- ★ Best Project
- ★ Best Campus/Building
- ★ Architect/Engineers/Scientists/Policymakers
- ★ Special recognition award to young professionals

# SELECTION PROCESS

The awardees will be nominated and/or selected by a committee/team of experts constituted by the CRESPI required the committee or a group of members of the “Awards Committee” may undertake a field visit to get first-hand knowledge of achievements claimed by a reader/nominator/awards committee in support of their entry for the award CRESPI team has conducted extensive research with independent panel members to prepare a final list.

Excellence in different fields for future energy. environment is required to be acknowledged and duly awarded so as to encourage good and socially relevant work in the future. Many institutions have set up several awards but CRESPI has changed the award landscape in the future green energy by forming a high profile selection committee to choose the best performers in their chosen fields. CRESPI considers those institutions, individual and their initiatives as innovators who have made seminal contribution to their chosen fields and have impacted the society at large

# CHIEF GUEST

**Shri Nitin J Gadkari**  
Minister of Road Transport & Highways, Govt. of India

## RESOURCE PERSONS INVITED

**Pujya Swami Chidanand Saraswati**  
President of Parmarth Niketan,  
Founder of Ganga Action Parivar

**Sudhir Kumar Dash**  
CA, President CRESPI, Social Entrepreneur,  
Environmentalist

**Shambhu Singh IAS**  
Former Special Secretary & Financial Adviser at the  
Ministry of Road Transport, Highways & Shipping.

**Yogendra Singh**  
Environmentalist, Sustainable Lifestyle  
Advocate & Convenor CRESPI

**Lt. General Vinod G Khandare**  
Principal Advisor, Ministry of Defence

**Dr.(Prof.)Rama**  
Environment Professor, Green Globe Awardee  
For building green campus in DU

**Dr. (Prof.) Sukumar Mishra**  
IIT Delhi

**Yogendra Chaudhary, IRS**  
Anthropologist & Former Advisor to CM Haryana

**Lt. Gen Aloke Singh Kler, PVSM, VSM, ADC**  
Highly decorated Officer of Indian Army &  
CEO of Atulya Ganga

**Dr. (Prof.) Dinabandhu Sahoo**  
Scientist, Bio Research

**Maj. Gen. Vinod Bhatt**  
Former Advisor to hon'ble CM of Punjab,  
Environmentalist & Chief Mentor of Atulya Ganga

**Dr.(Prof.)Anubha Vashisht**  
Director Sharda University, Passionate Educationist  
& Administrator

**Dr.(Prof.) Monika Koul**  
Professor of Biology, Hansraj College, Delhi University

**Harish Kohli**  
CMD, Acer India

**Deepesh Nanda**  
CMD, G.E. Power South Asia

**Col. Prem Parkash**  
Group Director, CSKMP School & Environmentalist

**Rakesh Swami**  
Group President Godrej

**Col. Mike Keshwar**  
Co founder of Atulya Ganga

**Bharat Kaushal**  
Managing Director, Hitachi India

**Kevin Weinberg, USA**  
Solar Industry Expert-Overseas

**Vasu Primlani, USA.**  
Nari Shakti Awardee, Solar Industry Expert

**Mike Mattsen**  
Industrialist & Social Philanthropist

**Dr. Manjari Srivastava**  
Vice Principal, Miranda House, Delhi University

**Mahendra Goel**  
President HRC Alumni & Industrialist, solar energy expert

**Parveen Rani, Mrs. London,**  
Environmentalism & Councillor, Borehamwood, LON

**Justin Anthony**  
Founder Noble Citizen Foundation &  
Sustainable development advocater

**Devendra Sura**  
Tree Man of Haryana

**Gautam Das**  
CEO, Oorjan Solar, Former VP Citi Bank

**Dr. Karoonamoorthy,**  
Managing Director, Windplus India

**Mohit Verma**  
IIT Ropar

**Dr. Vijay Anand Loganathan**  
IIT Ropar

**Mansookhbhai Prajapati**  
Miti Cool Man, Rural Entrepreneur

**Sarika Kulkarni Pathak**  
Founder & CEO- Cresa Greentech

**Navkiran Kaur**  
Environmental Research Scholar

**Sukanta Sarkar**  
Research Scholar IIT Kharagpur

**Kaleshwar Mishra**  
Green India Foundation

# Programme Schedule

Date	05 <sup>th</sup> June 2023
Time	10:30 am Onwards Followed by Lunch.
Venue	IIT Delhi Seminar Hall, IIT Campus, Near Hauz Khas, Delhi

10:30AM	Registration
11:00AM	Inauguration/ Lighting of Lamp/ National Anthem
11:10AM	Keynote Address
11:45AM	Presentation of Papers
1:30PM	Lunch
2:30PM	Panel Discussion

## Session -1

**The Growth of Renewable Energy in India: Trends & Future Projections**  
(Overview of India Leading towards its Global Commitment of Carbon Net Zero by 2050)

## Session -2

**Environment Protection : Community Responsibility”**  
(Understanding environmental issues and community participation in terms of leaders, industry, self help groups & corporates.

## Session -3

**The Economic and Environmental Benefits of Investing in Renewables in India:**  
(Role of Indian and American Corporate towards Renewable Industries, reducing our carbon footprints, Expanding Green Cover, Preservation Wetlands, Water Bodies, Oceans)

## Session- 4

**Environment, Climate sustainability: Mobility Sector:**  
(Impact of mobility sector in climate change Mass Adoption of Electric Vehicle & hydrogen fuel,: Road Blocks and Path Breaking Exercises)

4:00PM	Tea Break
--------	-----------

4:30PM-5:30PM	<b>Honouring Green Heroes with the Green Globe Awards 2023</b> <b>Category:</b> Individual/Organisation/Corporate <b>Area:</b> Product Innovation / Policies / Practice/ CSR/ Green Infrastructure/ Research/ Social Innovation
---------------	---

5:30PM-6:30PM	High Tea
---------------	----------

# Flashback-2022

**Hon. Ashwini Kumar Choubey**

Union Minister of India for Environment,  
Forest & Climate Change

**Actor Darshan Kumar**

The Bollywood Superstar of MaryKom,  
Sarabjeet, TereNaam, Kashmir Files Fame and  
Brand Ambassador of Green Urja Conclave

**CA. Sudhir Kumar Dash**

Lawyer, Chartered Accountants,  
Environmentalist & Policy Influencer,  
Authority on Renewable energy

**Dr. Dinabandhu Sahoo**

Environment Professor, Former Vice  
Chancellor & First scientist of India credited  
of his deep research in Antarctica

**Dr. Srikanta Panigrahi**

Member advisory committee to the  
PM of India

**Michael Jon Mattsen**

CEO Mattsen Kumar,  
former CEO HyperQuality

**CRESPAI**  
Confederation of Renewable Energy Service  
Professionals and Industries

75  
आज़ादी का  
अमृत महोत्सव

WOMEN IN COMEDY

**Vasu Primlani(USA)**

Nari Shakti Awardee, Professor &  
Fitness Freak

**Dr. Rama**

Environment Professor, Green Globe Awardee  
For building green campus in DU

**Lt Gen Vinod G Khandare**

Principal Advisor, Ministry of  
Defence, Government of India

**Dr. Mrityunjay Mohapatra**

Climate man of India

**Dr. Sukumar Mishra**

Accomplished professor of IIT Delhi,  
Authority on Hydrogen Engine &  
Renewable Sources

**Yogendra Singh**

Former vigilance officer of air India,  
Cycle man of India, World Record Holder  
& Fitness Freak

# Green Globe Awardees-2022

- **Suhan Mallick**  
For Forest & Wild Life Conservation
- **Gautam Das**  
For Innovation and Sustainability in making Solar Energy Affordable
- **Pragya Singh (Delberto Ecom Private Limited)**  
For Innovation & Sustainability (Waste to Product)
- **Michael Jon Mattsen (MattsenKumar Services)**  
For Best Green Building & Corporate Practice
- **Yogendra Singh (HighFive Global Networks Private Limited)**  
For Policy adherence Pedalling to work (1 Lakh plus kilometres of Pedalling Kilometres to office)
- **Prof. (Dr.) Rama (Hansraj College)**  
For Best Green Campus in Delhi University
- **Shubhankar Chaudhry (One Motto India)**  
For Carbon Minus Innovation & Sustainability
- **Sh. Ramesh Baurai**  
For Conservation of Himalayan Mixed forest and revival of Springs
- **Mansukhbhai Prajapati (Mitticool India)**  
For Reviving Indian Pottery Business, Earthen Refrigerator
- **Marimuthu Yoganatham**  
For Bringing societal change through Social Engagement
- **Naresh Chander Gupta**  
For Lifetime Dedication to Organic Farming
- **Dr. Dinabandhu Sahoo**  
For Life time achievement for Research on Himalayan Ecology
- **Ram Krishna Dash**  
For Innovation for Affordable Housing & Sustainable Living
- **Dr. Srikant Panigrahi**  
For Carbon Minus Policy Advocacy & Sustainability

# OUR TEAM

**DR. L. M. DAS**  
**Patron-in-Chief**

Dr L M Das, Professor, Centre for Energy Studies, IIT Delhi, has nearly thirty three years of teaching /research experience in the areas of alternative fuels for Transportation, Environmental Regulation, Combustion Generated Pollution, Internal Combustion Engines, Bioconversion and Processing of Wastes, Power Plant Engineering, Heat Transfer, Fuels, Combustion and Pollution, Energy, Ecology and Environment etc. Dr Das has done his doctoral thesis in the area of Hydrogen-operated and Alternative Fuels

**CA SUDHIR DASH**  
**President**

Mr Dash is a Chartered Accountant by profession but as an environmentalist, he has been working continuously for the Green Environment, Climate Change and promotion of Clean transport/ energy. He founded CRESPI with the objective to create an interactive interface amongst Industry, policy makers and community for promotion and propagation of clean energy for sustainable development

**RAMESH CHAND GOEL**  
**Secretary**

Mr Goel is an Engineer and former Executive Director from ONGC Limited. An advocate of clean environment and energy, Mr Goel has immense expertise in executing Waste to Energy Plant (Bio-Mass).

**K RAVI KUMAR**  
**Advisor**

Ravi holds an experience of working with top media houses in India. As Head-Special Projects at NDTV, he was part of the successful execution of GREENATHON, an award winning green campaign on NDTV network. Ravi is the co-founder of Let's Pedal National Cycling Expedition and Konark International Cyclothon. He currently heads a 360 degree media solutions consultancy firm known as 7H STUDIOS

**YOGENDRA SINGH**
